Tough set of issues: drinking water, sewage, flooding. Good luck

Thanks Jon! The RA just received (yesterday) a letter from Senators Duckworth and Durbin on this issue. And NRDC/Earthjustice/Equity Legal Services filed a civil suit and an informal complaint with IPCB.

Busy times ☺ Will keep you in mind when we convene/build an EJ partnership for the area.

Wow, I just googled this issue. Challenging flooding issues in Centreville!

Let me know if you need any connections to FEMA, IEMA, etc. to deal with the flooding, or developing future hazard mitigation plans.

Good luck
 Jon
